

# Omar Saab

Full stack developer

Choueifat, Lebanon, +961 70 433 863, [omar.saab.96@gmail.com](mailto:omar.saab.96@gmail.com)

## MY BRIEF PORTFOLIO

<https://omarsaab.net/>

### PROFILE SUMMARY

I am a highly skilled web developer with over 5 years of experience in designing, developing and optimizing high-performance websites and web applications for businesses across the world. Proven track record in delivering 120+ responsive and user-friendly websites, achieving a 99% user satisfaction rate. Expertise in writing clean and efficient code in many programming languages is my toolkit to build optimal websites with improved load time and user experiences. Successfully developed scalable back-end infrastructure for sites handling 10,000+ concurrent users and crafted APIs managing over 500 requests per second. Demonstrated ability to lead projects from concept to deployment, including the creation of landing pages that generate 7,000 new leads per month with a 38% conversion rate. Adept at mentoring junior developers, enhancing team productivity, and implementing SEO strategies that have boosted web traffic by 56%. Seeking to leverage my extensive development expertise and leadership abilities to drive innovative web solutions for a dynamic organization.

### EMPLOYMENT HISTORY

#### **Full Stack Web Developer at Watania for Seaports, Airports, And Shipping Services – Baghdad, Iraq**

Jan 2025 – Present

- Developing a seaport project including the Terminal Operating System (TOS), Port Management System (PMS) and Port Information Management System (PIMS) while handling security & access control.
